

SCAVENGER HUNT
SECONDARY STUDENTS

THE
ULTIMATE
ALCHEMIST

WWW.FLIPEDUCA.COM

Welcome to this Scavenger Hunt, where you will become...
"The ultimate Alchemist".

To achieve this ultimate knowledge you will learn about alchemy, and the different effects that can make in our lives, the elements they use, and concepts and goals. (Read the document).

You will be in charge of organising the team and making decisions. You will choose the Team Leader, who will only write down the answers to the challenges, so everyone must to participate and collaborate with ideas. Everyone has to be involved. You have to do anything else that needs to be done, to complete the different assignments. It is extremely important that you all stay together and communicate well.

To save time on the day, you will need to be ready with your team. There will be six assignments to complete. You will be given instructions on the day, so you will need to listen carefully.

You must try to complete as many assignments as you can to win the most amount of points.

There are only four rules:

- Communicate only in English,
 - Work together and finish together,
 - Always be polite - to each other, to your teachers and to the local people,
 - Arrive back at the meeting point on time, even if you haven't finished,
- If you don't follow the rules, you may be disqualified!

I'm looking forward to see if you can be a real alchemist. Good luck!
